I added some additional edits along the lines of what Laura and I sent on the prior version to the new version you commented on, Jack. I included highlighted bubble comments explaining them.

Would you like me to send these along to the group? (after deleting the bubble comments, which are really for you guys).

Aaron, I didn't notice you're email until now. Please take a look at what I proposed and see if additional revisions are needed.

After talking to Laura we had a few more suggested edits. See attached. Sorry for the multiple emails. If you've already started on the other version, I'd be happy to merge.

See below for the draft monument FR notice that they are trying to get out tomorrow morning, which includes my suggested edits. Given the timeline, I don't think they'll be a formal surname process, but I'll confirm that with Randy. Finally, I think the plan is (b) (5)

Just making sure that looks right as my guess is you all have dealt with this already.

Thanks, and let me know if you have comments. Jack or Dan, if you'd prefer to have any comments or "surname" come from you, that of course is fine with me.
